PROFILE

BLACK is intelligent and learns quickly to get going on new projects with 5+ years of experience working in web developing. He approaches new challenges creatively, with a problem-solving mindset. Being particularly strong in React.js, he excels in creating seamless, user-friendly web applications. Black's expertise extends to UI/UX design with tools like Figma and Framer, ensuring his projects are both visually appealing and highly functional.

Artur's academic background in computer science, coupled with his practical experience, has equipped him with the skills needed to excel in dynamic development environments.

Developing is just his pleasure.

His motto is "**Success is a journey, not a destination**".

WORK EXPERIENCE

Full-stack Developer

Freelancer Sep. 2022 - Present

His eyes got open to the world and his constant effort helped many clients design, develop or updating their websites to another high level and got many XP from them.

- Developed and maintained responsive web applications using React.js and Next.js.
- Designed intuitive user interfaces with Figma and Framer, enhancing user experience.
- Collaborated with clients to understand requirements and deliver tailored solutions.
- Implemented TailwindCSS, CSS, and Bootstrap for efficient and scalable styling.
- Integrated JavaScript and TypeScript to build robust, interactive features.

Technologies: React.js, Next.js, Figma, Framer, HTML, CSS, UI/UX, JSX, Javascript, TailwindCSS, Bootstrap, Front-end development, Back-end development, Redux, Node.js, Express.js, MongoDB, SQL, PostgreSQL, Webflow, Sanity.io
